

Fake Camel Milk

Description

Human is Greedy

Human greed is far to be satisfied with anything. Some people even do not hesitate to sell fake items and earn money, which is very painful and dangerous. As the camel milk (CaM) is making its space in the important functional foods globally at the same pace the fake CaM is coming in the market.

One of the most important and prominent example is *“SUSU UNTA CAMEL MILK”*, claiming importing from Malasia where the camels are only in the zoo. Tons of the fake CaM powder are imported in Pakistan and delivered with the name of pure camel milk.

Look the level of fraud, using the word Halal.

Here is the link of the company selling fake CaM in Karachi, look at their claims.

Look at their claims, the very sad state of the situation. I humbly request the authorities to please intervene in the situation and punish such fake greedy people to fool the people and play with their health.

Youtube Channel on camel milk

I have initiated a youtube channel about the properties of the camel milk, especially with the regard of the natural health. It is in English, Urdu and sometimes in Pashtu. <https://youtu.be/oxpE-Hif-OA>

Exposing the Fake CaM

I would write and talk about the fake CaM as there are some other outlets too. Please help me in getting the information and details about such fake CaM.
